Loma Prieta ENA Presents:

The Elusive Diagnoses: Exploring the Mysteries of the Endocrine System

The Loma Prieta Chapter of the Emergency Nurses Association invites you to attend our annual Educational Update. This year the focus is Endocrine Emergencies.

Please join us at Regional Medical Center of San Jose on May 20, 2010

Course objectives are to enhance the learner's understanding of Thyroid Storm, Differences in Type I & II Diabetes, Metabolic Syndrome, Hypercalcemia, the Role of the Parathyroids in Calcium Metabolism, Side Effects of HRT, the Difference Between Viagra and Levitra, and Hormones Excreted by the Adrenals. Lastly the learner will be provided with a special presentation regarding austere care in disaster medicine.

The course is designed for all disciplines and clinicians involved in emergency and critical care; including nurses, physicians, pre-hospital personnel and students.

CONTINUING EDUCATION

Credits approved for the California BRN (# CEP 12700) & Prehospital Providers for a total of 6.5 Continuing Education Units.
